DRY WEIGHT

**6.1FT 1.85 M**  
HEIGHT

## OVERVIEW

At 10.5ft in length, the Triton 1000/2 has a deck footprint which allows it to be easily stowed on-board your yacht.

A single existing crew member can be cross-trained to pilot and maintain the submersible. The Triton 1000/2 is an excellent choice if the owner wishes to be the pilot as

he or she may dive with a family member and share the experience. The large 20" hatch allows easy entry when boarding from yacht or surface tender. The submersible's main ballast tanks provide superior freeboard and stability making surface transfers easy and safe.

## TECHNICAL

The table below shows the general specifications for the Triton 1000/2. Additional items can be ordered as options. Details can be found in our equipment flier.

### GENERAL

Depth	1,000ft / 305m
Payload	440lb / 200kg
Crew	Pilot + 1 Pax
Speed	3kts
Endurance	10 hours
Main Ballast	3,080lbs / 1,400kg
Variable Ballast	132lbs / 60kg

### SIZE & WEIGHT

Length	10.5ft / 3.2m
Width	8.2ft / 2.5m
Height	6.1ft / 1.85m
Weight	6,800lbs / 3,100kg
Pressure Hull Inner ø	56.7in / 1,440mm
Pressure Hull Outer ø	63.4in / 1,600mm
Hatch Inner ø	19.7in / 500mm

### SYSTEMS

24v Supply	5 kWh
Main Battery	12.6 kWh
Main Thrusters	2x2.7hp / 2x2kW
Vertran Thrusters	2x2.7hp / 2x2kW
Control	Joystick, Touch Screen + Manual Override
External Lights	4+ x 20,000 lumen LED
Life Support	Oxygen & CO <sub>2</sub> Scrubber
